Disposing of expired and unneeded medications can be a hassle, but it’s important for the safety of our community that we take advantage of the many prescription drug take-back programs available.

The East Lansing Police Department makes drop off easy! A 24 hour drop box located at 410 Abbot Road in East Lansing is available for your convenience.

But there are also many more options around the area. If you plan on disposing of expired or unneeded medications, please make sure to do so safely! Use this guide to help find the nearest drop off location.

If not properly disposed of medications can end up in our water supply. Traditional wastewater treatment methods do not remove these pharmaceutical chemicals. These can potentially contaminate environmental systems!

The environmental side effects of medication
