Your Library Environmental Committee members encourage you to “buy local” to support Michigan farmers. Food is so much fresher (maybe even picked that day!) than what has traveled across the country or from Mexico or South America/ Buying at these markets keeps your money in Michigan!!

We encourage you to get to know our local farmers when shopping each week and hope you will all find a favorite! If you know of more markets in the area, please let me know via email so we can add them to our list next year.  – Kriss
