The Stanley C. and Selma D. Hollander Faculty Book Collection was established by the MSU Libraries in 1998 to recognize and honor the scholarly work of MSU faculty members who have written, edited, or translated a book or musical score; contributed to a multimedia work; or participated in a professionally recorded musical performance.

Wherever possible, the library acquires two copies of each work: one for the Main Library or appropriate branch library, and the other for the MSU Faculty Book Collection, located on the first floor of the Main Library near the Director’s Office.

Titles for the collection are identified by the subject librarians who serve as liaisons to MSU colleges and departments, and through extensive database searches using current lists of MSU faculty provided by the Provost’s office. Works by retired faculty and by academic staff are included whenever they are identified.

Authors with new works published in 2014 are listed in this program, and are our honored guests at the MSU Faculty Authors Reception for 2015.
Honoring MSU faculty and staff whose books, multimedia works, musical scores and recordings were published in 2014

ANNOUNCING THE
STANLEY C. AND SELMA D. HOLLANDER
FACULTY BOOK COLLECTION

The Libraries are pleased to announce a generous gift from Mrs. Selma D. Hollander in memory of her husband, Stanley C. Hollander: an Endowment to fund the acquisition of faculty publications and to maintain a pleasant reading area in the Main Library. In their honor, the Faculty Book Collection Alcove, located in the Main Library, has been renamed the Stanley C. and Selma D. Hollander Faculty Book Collection.

Dr. Hollander was a University Distinguished Professor, and faculty member in Marketing and Supply Chain Management, Eli Broad College of Business, for more than thirty years. Mrs. Hollander received a BA and MA from the MSU College of Arts and Letters.

Mrs. Hollander established the Endowment to honor Stanley and his devotion to the MSU Libraries.

“That abiding curiosity was characteristic of Dr. Hollander, whose enthusiasm for research was legendary. He was a familiar face for library staff and users, both during and after his MSU career. “If Stanley wasn’t at home, or teaching or doing office hours, he was at the library,” Mrs. Hollander remembered. Over the years, Dr. Hollander’s commitment to scholarship resulted in a long list of monographs, edited volumes, articles, book chapters, and conference papers.

“Libraries are such an important part of the university,” Mrs. Hollander concluded. “They’re essential to a life of knowledge. They help expose students to art and literature and ideas. Supporting the library is a natural way to remember Stanley.”

“In fact,” Mrs. Hollander explained, “Stanley was interested in libraries of all kinds. We enjoyed visiting libraries everywhere, small towns and big cities, wherever we travelled.” On a handful of occasions, the Hollanders even visited libraries in towns where they were making travel connections! “We never sat around in the train station, if there was time to get out and see the area. The local library was always top of the list of things we wanted to see.”
